

January 2012

From 1 January 2012 the **National Quality Framework** will set a new **National Quality Standard** creating greater consistency for early childhood education and care services across Australia.

The major benefits for you and your child include:

- improved educator-to-child ratios in most services means individual care and attention for your child
- educators with increased skills and qualifications to support your child's learning and development

a new quality ratings system which will help you to make informed choices about the education and care you choose for your child.
